Outside Appearance-Inside Worth.

Some merchants sell goods that only look well. They think they are building a reputation on such merchandise, but they are only putting up a house of cards. It will suddenly tumble about them. A good image can be made from snow and an excellent likeness of a world hero carved from a firkin of poor butter. So can the poorest clothing be made attractive that some people who should know better are found wearing it.

It is inside, hidden values--as well as outer attractiveness--that denote honest reliable clothing. These are the qualities that make the merchandise we sell better and different. It stands the test of wear and looks good all the time you wear it. We invite you to call on us at once. Our lines are large and the opportunity to buy was never better.

SCHOLARS COMPETE.

Contestants in both Oratory and Declamation Draw Good Audiences.

Last Wednesday evening those who had been chosen to enter the lists as contestants in the oratorical class held the boards at the Lincoln high school, and there was a fairly good crowd in attendance. Earl Hill succeeded in securing first place in the contest, while Martin Panter was second and Clarence Jackson third, these being eight in the contest.

The judges were A. R. Clifton of New Lisbon, W. H. Guilford of Neokosa and L. W. Brooks of Neokosa. The oratorical pieces were interesting with a number of musical selections, both vocal and instrumental, and the evening was a most enjoyable one for those in attendance.

The declamatory contest on Friday evening drew out a larger crowd than the one before and it was enjoyed fully as much as the oratorical contest.

In this class Beryl Thompson won first place, Edna Muir second, and Alma Egbert third. The judges were Prof. Collins of the Stevens Point normal, Prof. Fish of the Marshfield high school and Miss McDill of the Stevens Point high school. There were also several musical selections that added very much to their interest of the occasion.

To Voters.

To the School Board of Dist. No. 4, Town of Rudolph:
We, the undersigned parents of children attending school, desire and request you to engage J. Herbert Snider as teacher for the second term. The Brooker, John Bates, Geo. Bates, Chas. Jensen, John Jensen, Jas. Kilday, Jess Sharkey, Joe Sharkey, Ralph Clancy, John Meyer, L. B. Livernash, Peter Andres and Chas. Anderson.

The above is an exact copy of the original, which I hold.
Geo. Rivers, Dist. Clerk.

Coupled with this a contract for the second term signed by the entire board, makes the almost unanimous verdict of my district that my work is a success.

This completely refutes the report that my work is a failure.
J. Herbert Snider.

Homes in the Northwest

Why not settle on the government lands, or low price farm lands that are improved, in South Dakota; thus staying near at hand instead of journeying to a distant region where the climatic conditions and social surroundings are widely different? Special low rates are in effect the first and third Tuesdays of each month to all South Dakota stations on the North-Western line. It will pay you to investigate. New lines are opening up extensive territory for development, creating the chance of a lifetime. Ask your ticket agent to give you full particulars, with maps, pamphlets, and complete information regarding railroad rates and the steps necessary to secure government land free.

Going to Washington.

Attorney Frank Sargent has received an appointment in the Law Library of Congress at Washington, D. C., and expects to leave this city in the near future for Washington. Mr. Sargent has been a resident of this city only a short time, during which he has been associated with Attorney D. D. Conway, but while here he has made many friends who will be sorry to hear that he is going to leave.

New Store Opened

Sampson & Halvorsen have opened their genteel furnishing goods store to the public and an advertisement for them will be found in another column. Messrs. Sampson & Halvorsen have a very nice place with a complete stock in their line.

Removal Sale

There is a big removal sale on at J. R. Regan's furniture store. He is going to move in a few days and will sell all of his furniture that he can at a low price in preference to moving it. Go to him for bargains if you want anything in the furniture line.

Teachers to Meet.

The Wood County Teachers Association will meet in this city on Saturday, March 23. This is the annual meeting of the association and it is expected that every teacher that possibly can, will be in attendance. The meetings will be held at the high school building.

Lost their Youngest Child.

Ellis, the two and one-half year old daughter of Mr. and Mrs. Wm. Peters of the town of Seneca, died suddenly on Friday afternoon of inflammation of the bowels. The little one had been ill about two weeks, but to all appearances was improving and her death was unexpected. The funeral occurred on Monday at one o'clock from the German Lutheran church at Seneca. Coroner Rev. Gleason officiating. The parents have the sympathy of all in their sad bereavement.

Free.

For 24 weeks we will give one Haviland pattern cup and saucer or one dinner plate free with every pound of 60c tea or two pounds of 25c coffee or above. Only on Saturdays. Grand Rapids Tea and Coffee Co.

Rev. Putnam Resigns.

Rev. A. L. Putnam of the Baptist church has handed in his resignation to the church and expects to put in the coming summer in taking a rest from the usual labors of the church. Mr. Putnam has been in charge of the Baptist church in this city since it was first organized, and as a consequence has made many friends here, both in the church and out of it, who would be sorry to know that he was going to leave the city.

MET INSTANT DEATH.

Henry Zimmerman has Neck and Arms Broken by being Wound About Shaft.

Henry Zimmerman of the town of Housh was a tragic death on Tuesday while working about a wood cutting machine, his clothes being caught on the arbor of the saw and his body being whirled about the shaft and his neck and arms broken so that he was instantly killed.

The machine had been started up for the morning work on the Lamb place and after it was started Mr. Zimmerman was engaged in oiling the machinery of the saw. During this work his clothing came in contact with the arbor of the saw and the wound about the shaft, whirling the young man about in such a manner that his neck and arms were broken and death resulted at once.

Deceased was twenty-three years of age, and is survived by his mother, three brothers and five sisters. The funeral will occur on Friday from the home in Hansen, the remains to be brought to this city for burial in Forest Hill cemetery. The services will be conducted by Rev. O. J. Olson.

Has Formed Brewing Co.

Articles of incorporation for the Polish Brewing Co., of Stevens Point were filed at Madison, Wisconsin. The capital stock is placed at \$50,000 and the incorporators are Joe. Kikue, Frank Boyanowski and Anton Lerbicki.

It is proposed to hold the first meeting of the stockholders for the formal organization of the company on Saturday, March 16. At that time the directors and officers will be elected and arrangements made for the appointment of various committees, etc.

It is stated by one of the leading spirits in the movement that already \$47,000 of the capital stock has been subscribed and the balance practically arranged for. It is proposed to select a convenient and suitable site very soon and to commence the erection of the building as early as the building season will permit.

Frank Boyanowski, who will have charge of the erection of the plant, was formerly connected with the Antigo and Grand Rapids breweries and is said to be thoroughly informed on the details of brewery construction. The plant will be entirely new from bottom to top, solid brick and largely fire proof, and will be equipped with all the latest devices necessary to successful brewing.

Want a Franchise.

The Stevens Point Journal is authority for the statement that the Wisconsin Valley Railway Co., has accepted for a franchise at Stevens Point, the intention to build an electric line from Stevens Point to Neokosa, a distance of about 28 miles. One of the provisions of the franchise is that work shall commence on the proposed line by the 1st of March, 1908. It is estimated that the cost of the line will be about \$700,000.

The city of Grand Rapids has asked the state legislature for a charter to build a bridge across the river at this point, which would be available in case the electric line wanted to cross the river at this point.

Back from the Oil Country.

Ex-Senator Herman Wiperman arrived in the city the fore part of the week with the intention of spending a couple of weeks in this city visiting with his family and his many friends in this city and locality. Mr. Wiperman is looking well and states that things are booming down in the oil country. He has recently obtained the leases on a large tract of additional land and expects soon to organize another oil company. Mr. Wiperman will probably spend a couple of weeks here before returning south.

Charged with Burglary.

Geo. Baker, who is charged with stealing a quantity of butter from the creamery of Sam Baum of Pittsville, was arrested last week and lodged in the county jail.

Pittsville parties state that there have been a number of burglaries committed in that city of late and it is expected that other arrests will be made later on.

Work on the Witter Place.

The J. D. Witter homestead on High Street has been torn down, so that there is nothing left but the foundation of the original building. It was the intention to rebuild the house, but the plans were so different from the original design that it was thought easier to tear down the place entirely. Architect Billmyre has charge of the work.

CONTRACTS ARE LET.

Bids Opened on Tuesday and Much of Business Now Closed for Building the School.

The committee on training school were in session about all day on Tuesday on which occasion they opened the different bids that were submitted for the building of the training school. The lowest bid for the general construction work was found to be from the Weinberg Construction Co. of Appleton, and the job was awarded to this firm. The contract for the plumbing and heating was awarded to the Centralia Hard ware Co. of this city, whose bid on this work was the lowest.

The entire cost of the building as shown by the contracts let will be \$10,000. The building will be constructed of Monomunio brick with cellox stone trimmings and will present a very handsome appearance. At the present time, however, only the lower story of the structure will be finished. This will contain an assembly room with a seating capacity of 100, a library, professor's and principal's rooms and will be finished in birch with hardwood floors. The basement will contain a lecture room, manual training room and the heating apparatus.

There is every evidence that the building will be a handsome one in all respects, one that will not only serve the purpose for which it is intended in excellent shape, but that it will also be an ornament to the city. It is expected that work will commence as soon as feasible this spring.

Will Build Sausage Factory. Pavlick and Elbert expect to commence on the erection of a building within a couple of weeks which will be used as a sausage factory and meat market. The building will be 25x40 and 22 feet high, and will be built of concrete blocks.

It is the intention of Messrs. Pavlick and Elbert to erect a modern plant and engage in the manufacture of sausage for both wholesale and retail trade.

MARRIAGE LICENSES.

County Clerk Geo. W. Davis issued the following marriage licenses during the past week:
George Bell and Lillie Austin, both of the city of Marshfield.
Fred Sannenberg and Maggie Winter, both of Neokosa.

Easter Dance.

John Ponder will give a dance at his place on Wednesday evening, April 3d.

Death of Miss Della Meuler.

Miss Della Meuler of this city, daughter of K. N. Meuler of this city, passed away at her home Saturday, March 9th, 1907 at 10 o'clock p. m. after a long and lingering illness through which she was a cheerful and very patient sufferer.

Della Meuler was born in this city March 24, 1887, being 20 years of age the day before her death, and always a graduate of the class of '05 from the Centralia High School. After her graduation she assisted in the west side hospital up to the time that she was taken sick with typhoid pneumonia, in March 1906.

About 4 years ago she spent a year in Tacoma, Wash., returning to this city much improved in health. She then accepted a position as bookkeeper for Spafford Cole & Lippke but her health again failing, she was obliged to resign.

Two years ago she entered St. Mary's hospital at Oshkosh, Wis., where she underwent an operation for appendicitis, since which time her health gradually failed until death ensued.

Miss Meuler was a faithful member of the Young Ladies' Society, and her loving disposition and christian spirit won her many friends in this city and elsewhere, who will deeply mourn her untimely death.

She is survived by her father, three sisters and two brothers, viz: Mrs. M. McStrack of Neokosa, Mrs. Michael Dolan, Anna, George and Alfred Meuler of this city.

The funeral services were held this morning at 10 o'clock at St. Peter and Paul Catholic church. Rev. H. Hugenroth officiating. The remains were laid to rest in Calvary cemetery.

The honorary pall bearers were, Messrs. Kate Kammeyer, Clara Haman, Mollie Stal, Arneson Marceau and Carolyn and Rose Kuntz, and several railroad men, viz: Dr. J. J. Bellin, L. A. Bauman, F. G. Olney, Donald Roland, Fred M. Schmalzel and Gerald Pfisterberger.

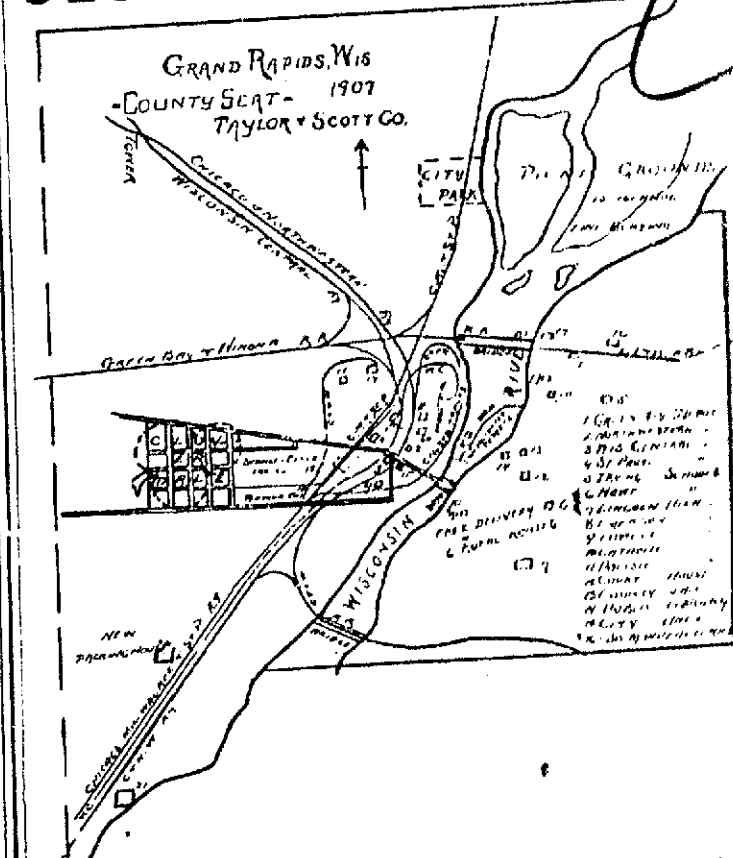

The relatives have the heartfelt sympathy of the community in their bereavement.

Broken Arm.

Mrs. Tina Nelson Sr. broke her arm on Thursday while returning from a neighbor's residence. She slipped on the icy walk and sustained a painful, the leg serious injury.

A queer thing about the matter was that Mr. Nelson, who was down town at the time of the accident, heard that it was his son's wife who had broken her arm, and he hurried to the home to see how the injured woman was getting along, but they knew nothing about the matter. Later he discovered that it was his own wife who had not with the accident.

CLOVERDALE ADDITION

We have prepared this cut to show advantages of Grand Rapids by reason of its 4 railroads as a place to locate Manufactures.

AN IDEAL LOCATION FOR A WHOLESALE GROCERY

Actual Passenger Service is

5 1/2 hours ride to Milwaukee
4 1/2 hours ride to LaCrosse

**Pianos and
Organs.**

Many people make the mistake when they first in an instrument, of buying one from an outside dealer and taking chances on what they are getting. This is a very poor way of saving money, as a poor piano is an abomination, while a good one is "a thing of beauty and a joy forever." Probably as reliable an instrument as is turned out today is those made by the Cable Company of Chicago. They make several grades and even the cheapest are highly recommended to those who have used them. They are handled by Mrs. P. Daly of this city and stands ready to make good every claim that is made of them. If you want to see an instrument she has a number on stock and will be pleased to show them to you at any time.

Eczema Germ Discovered

In a paper read before the National
 Medicine Society in Chicago, Dr. D.
 D. Dennis explained his experiments
 which led up to the discovery of the
 eczema germ.

The discovery has settled the long-
 disputed question that skin diseases
 are due not to condition of the blood
 but to disease of the skin itself. Dr.
 Dennis explained that cures could be
 effected only by curing the skin
 through the skin. The majority of
 skin sufferers, he said, were entirely
 healthy in all other respects, showing
 no pathological symptoms.

By applying certain harmless
 vegetable ingredients direct to the in-
 jured skin the doctor explained how
 the diseased condition could be re-
 lieved instantly, taking away the ter-
 rible itch and leading to an early
 cure.

The reading of the paper was fol-
 lowed by a general discussion in
 which a number of Chicago's most
 eminent physicians participated. In
 reply to several questions, Dr. Dennis
 declared his course in having per-
 mitted the D. D. Co., of Chicago,
 to put out his prescription in original
 bottles to be sold at \$1 a bottle, in-
 stead of stating his formula only to
 brother physicians who could then
 prescribe the remedy. Dr. Dennis
 said there were thousands of sufferers
 from skin diseases who could not or
 would not pay the regular fee for
 being under the care of a physician,
 so that the same results could be ac-
 complished by selling "D. D. Pre-
 scription" in original bottles through
 druggists. He declared that he did
 not consider his remedy a patent
 medicine in the ordinary sense of the
 word, which was evidenced by the
 fact that while some brother
 physicians had apparently grown
 jealous of him, others were freely
 directing their patients to use D. D.
 D. Prescription for eczema and
 similar diseases.

After Dr. Dennis had concluded
 Dr. A. B. Hartley, of Albany, N. Y.,
 read a paper on tubercular infections.

The Range That Saves Fuel.

 **I**T burns hard coal, soft coal, wood or coals, and utilizes all the heating power of the fuel. Ordinary ranges are made of steel and cast iron. Such ranges are **FUEL-WASTERS**, because when steel is riveted to steel, or steel is bolted to cast iron, it is practically impossible to make tight joints, without the use of stove putty.

Such a stove may work well until the bolts become loose, or the seams open between the rivets. The putty contracts, hardens and falls out. Then outside air leaks in through every seam and joint—through imperfectly closed openings at the oven door, the draft door, the ash-pan door, etc., and it takes twice as much fuel to keep up the fire.

The Monarch Range is **DIFFERENT**. It is constructed with **MALLEABLE IRON FRAMES**; to which the sheet steel is **RIVETED**—not bolted. Only in this way can absolutely air-tight joints be made. There is no stove putty in a Monarch.

Each of the frames around the **Oven Door, Ash Door, the Pouch Feed, back of Oven, etc.,** is made of **Malleable Iron**, which ensures air-tight seams, without danger of leaks.

All of this makes an economical, lasting range with perfect fire-control—a range that cooks well and stays satisfactory for a life-time.

A \$1.00 Cook Book Free.

This is a real book and is being made a ruling standard. It is immediately printed on good paper, bound in cloth with board covers, 100 pages.

If you could buy it at a book store it would cost you at least \$1.00.

It contains 100 recipes, many of them new, all simple, easy to make, and so expensive. Its practical recipe of the whole year and many valuable hints on diet and marketing.

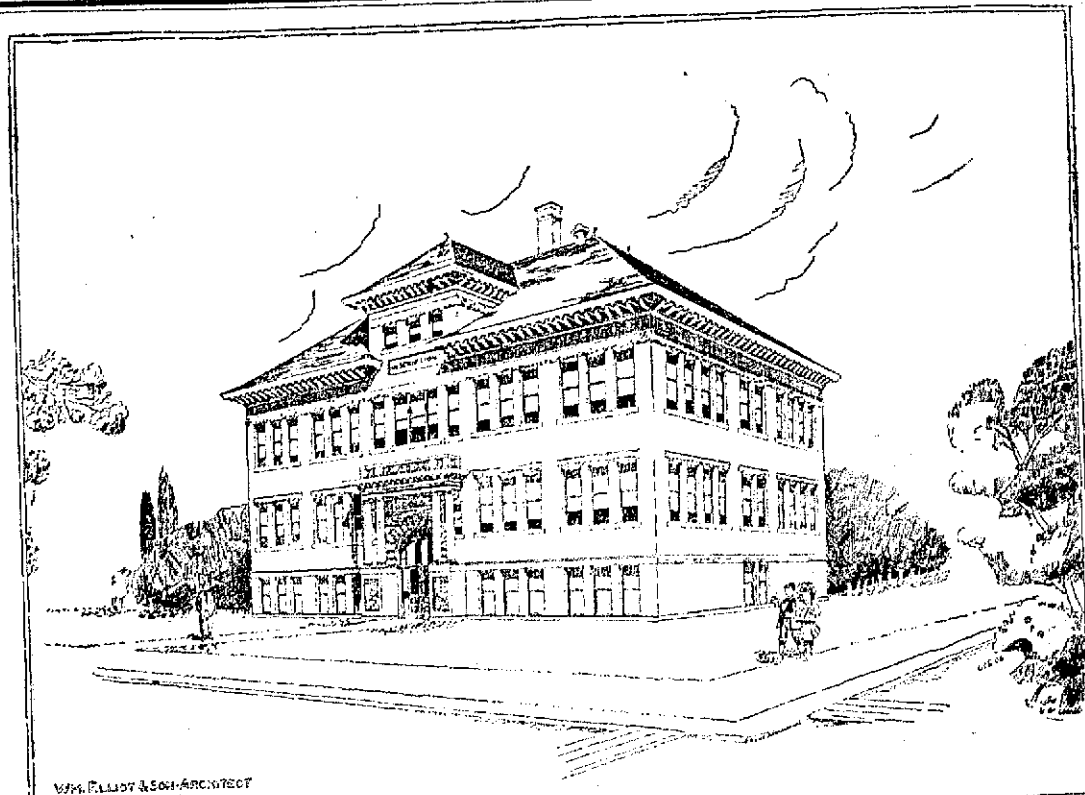

You can get it without cost if you intend buying a range of cook stove within a year.

HOW TO GET IT.—Cut out the coupon, fill in, mail it to the Malleable Iron Range Company, Pouch Feed, Wm. and John W. Hill, Grand Rapids, Mich. If possible, tell them what's cooking in your kitchen. You expect to buy and you will secure the valuable book free. As the edition is limited write now.

Dr. Williams' Pink Pills Restored Mrs. Robbins To Health and Altered Cured Her Daughter of Anemia.

Mrs. Jane Robbins, of 1121 Clar St., Detroit, Mich., writes: "I was weak, thin and troubled with headache. My appetite failed so that I did not feel like my food. I was unable to do my work because my limbs pained me, and by my first doctor's advice I tried at times to be put on a diet that I couldn't speak distinctly. My restlessness, when in this unwell state, felt as if some one was sticking needles into me all over my surface. Although my thoughts at times I had such pain that I couldn't sleep. Many times I woke with a smothering attack of asthma which, although it finally failed to benefit me I began to believe something that would. My sister, Mr. McDaniel of Detroit, recommended Dr. Williams' Pink Pills to me and I at once purchased some. I was greatly encouraged when I saw how they acted on my nervous condition and continued taking them until cured. I am now able to attend to my duties and have not consulted a physician since."

"I also gave them to my daughter, at this time seemed to lack vitality. Her cheeks were colorless, and she was thin and spiritless. She had no menia and we feared consumption, but cannot even think she went out during if it was at all cold or damp. It would take cold and cough. But Dr. Williams' Pink Pills brought her back to her cheeks and strength to her body."

The Williams' Pink Pills are sold by all druggists or sent postpaid, on receipt of price, ten cents per box, six boxes for \$5.00, to Dr. J.C. Williams, Medicine Co., Schenectady, N.Y.

When our grand-parents were sick, it was their custom to go into the woods, gather the roots of flowers or buds of many well known plants, bring them home and from them prepare a tea or bitter.

The timely use of these roots and herbs would assist nature to cure disease and restore strength and vitality to the whole system.

Mr. Zaegel, a chemist at Shleboyan, Wis., prepares an extract made of roots and herbs that has been found an excellent remedy for Rheumatism, Gout, Catarrh, Backache and Piles.

If any of our readers will write him he will send by mail and absolutely free a sample of this extract.

If you will mention the nature of your complaint, he will also send you the names of these roots and herbs, showing which is best indicated in your case.

All that is necessary is to write to Mr. Zaegel, 97 Main street, Shleboyan, Wis., and he will mail you a trial bottle free.

So many are taking advantage of this offer that Mr. Zaegel does not know how long he can continue to give away free samples.

Write at once if you have Backache, Constipation, Rheumatism or Piles.

Madison—There was a caucus of the Republican majority of the assembly. The caucus was attended by Speaker Ekers and many of the more prominent leaders of the assembly. It was called to take action on the senatorial situation. Speaker Ekers was elected chairman and Assemblyman Roy Secretary, and the business of the session was talked over. By many it was understood that the election would be so close that the legislative committee would be organized to adopt some sort of a program to expedite legislation.

Among matters discussed was the legislation pertaining to the public utility bills, the inheritance tax legislation and the insurance laws legislation. There was no definite action taken but the project of advancing all important legislation without unnecessary delay was acted upon in order to keep the session from being prolonged into June.

Resignation Caused Surprise. When the news of Senator Spooner's resignation reached Madison the few members of the legislature who remained in the city were surprised. It was not understood that he would be resigning until after the session.

Candidates Are Busy. The House members of men known to be senatorial possibilities have been engaged in communicating with their constituents. Assemblyman Lewis (D) of Isabella, Stephen H. Houser (D) of Manitowish, and Senator Spooner (R) of Waubesa are among the busy ones. They are all making extensive tours of the state.

State and County Fair Bills. The assembly committee on state fair reported a bill for the establishment of a permanent fair at Waubesa. The bill provides for the establishment of a permanent fair at Waubesa. The bill provides for the establishment of a permanent fair at Waubesa.

Gov. Davidson, in speaking of the resignation said: "All I can say is that the gravest of personal and business considerations must have been taken into account. The resignation is a sacrifice for the good of the state. The resignation is a sacrifice for the good of the state."

Senatorial Candidates. The assembly committee on senatorial candidates has reported a list of possible candidates. The list includes: Isaac Stephenson, Marinette; Congressman John J. Each, La Crosse; Congressman H. A. Cooper, Racine; Congressman W. H. Hatten, New London; Congressman C. W. D. H. Houser, former Secretary of State W. D. H. Houser; Congressman J. L. Lenoir, Superior; Congressman J. O. Davidson, Soldiers Grove; W. D. Connor, Marshfield; Judge Charles M. Webb, Grand Rapids.

Means Great Game of Politics. To project the election of a United States senator at a time when the selection of a successor to Senator Spooner was deemed to be two years hence and when the legislature is engaged in routine business, occasions the interest of the senatorial election.

Disch Bill Favorably Reported. The Disch bill limiting the bond that can be required of the treasurer of a town, city or village to \$500,000, was favorably reported.

Defence Decision on Home. Before deciding whether to recommend a legislative investigation of the soldiers' home at Waubesa, the assembly committee on military affairs will confer with the state board of control and with Gov. Davidson regarding the matter.

Grandfather's Likeness So Natural. A gathering of artists once several of the older ones got together and began telling of the marvelous masterpieces they had produced in their days. When everything had quieted down a bit an old man over in the corner was heard to remark, "I once painted a likeness of my grandfather, and it was so natural that I had to take it down twice a week and shave it."

First Presidential Mansion. The first presidential mansion stood on the corner of Franklin square and Cherry street, New York (1793). A portion of the East River bridge structure rests on the site and is marked by a tablet on the bridge approach.

Don't Fool with the Old Worm-eaten Broken down apple trees. Cut them out this spring and start some hardy new kinds, or any of the old sorts which have done well with you.

Cut Them Out. A boy and girl in their teens committed suicide by compact in New York because they were not allowed to marry. The boy smoked cigarettes to excess, but no explanation is made of the folly of the girl.
